January 13, 2006 -- Just because **Carol Alt** is gracing the cover of **Skin Deep**, a new beauty magazine that celebrates cosmetic surgery, doesn't mean the ageless supermodel has gone under the knife. "I can't," the beauty told PAGE SIX the other night at the mag's launch at **Bruno Ja-mais**. "I'm too scared." Controversial pitcher **John Rocker** was there with **Dr. Edwin Pound III**, an Atlanta plastic surgeon who made

improvements on some of Rocker's girlfriends, which Rocker paid for. "Makes me shallow," he said. "Makes you generous," a reporter replied. **Kwame Jackson** of the original "Apprentice" was also there chasing Hampton's party girl **Samantha Cole**.
