## Fashion Finder

Have you ever eyed a decadent necklace or evening clutch that you couldn't use often enough to justify the eye-popping cost?

[Blingyourself.com](http://Blingyourself.com) specializes in renting jewelry and accessories. We want the vintage men's Rolex watch (right) that can be temporarily ours for \$125 a week, or \$100 for members (the frequent-renter program costs \$10 a month or \$100 a year). [Bagborroworsteal.com](http://Bagborroworsteal.com) loans new and vintage bags from an impressive selection of designer labels. You can't go too far wrong with a classic \$1,750 quilted Chanel tote (right) for \$80 a week. Order the items online, have your fun wearing them, and send them back when you're done.
