## IN FASHION SOLE PROVIDER

For women who can imagine but never actually find the perfect shoe (every woman, in other words), **TUPLI** makes dreams come true. The New York company can create virtually any shoe from scratch, according to clients' specs. In a second-floor atelier on Madison Avenue, a consultant takes a mold of your feet, then sketches until the picture matches your fantasy strappy sandal. Prices begin at about \$600 and go up, up, up, based on whether, say, you want to add diamonds and semiprecious stones. **S** At 780 Madison Ave.; 212-472-2576; [www.tupli.com](http://www.tupli.com). —JILL KARGMAN
