New York, NY (November 26, 2007) – Everyone wants to get a special gift. More importantly, we all want to be the one that gives that special gift – and jewelry is always on the top of our wish list. Bridget Lynne Designs, a handmade jewelry brand, has created a list of top trends that will help you choose the perfect gift and make the holiday season sparkle for that special someone.

Butterfly Dreams
Cost \$42.00

Shiny, Shiny

From makeup to shoes to bags, this holiday season it's all about glamour - and the glitteratti have taken a backseat to no other trend. The perfect way to wear them? As jewelry. When it comes to picking jewelry for your holiday outfit, a little sparkle goes a long way. Butterfly Dreams Earrings, a delicate gold filigree butterfly with a waterfall of 14K gold filled cable chain accompanied by a single cream colored pearl, maintain the delicate balance of being both trendy and elegant. Like the little black dress, the Butterfly Dreams Earrings are a must-have for the holiday season.

Double Circle
Amethyst Drop
Cost: \$125.00

Pretty in Purple

Simple, but never boring, the color purple has taken center stage this holiday season. Whether you choose magenta, royal purple or cobalt, it's all about this regal color and the Double Circle Amethyst Drop Earrings, a gorgeous deep purple Amethyst briolette suspended from a collection of two various sized 14K gold filled circles, is the perfect way to get in on the trend and show off your fun side.

Arm Candy

The bracelet is the piece for this season – and the Cuff, a beautiful marbled wood with 14K gold filled cable chain, is the perfect accessory to complete an outfit without any fuss.

Cuff Bracelet Cost:
\$52.00

“Jewelry is a timeless gift – from celebrating holidays to birthdays to anniversaries, jewelry helps those special moments in life sparkle,” said Bridget Lynne Nielsen, designer of Bridget Lynne Designs. Where does Bridget get her inspiration from? “I am inspired by the fact that anything is possible. The beauty of this art is that there are little boundaries. That fact alone allows me to continuously push myself further and further. Each piece I create is very different from the next, and each piece is a reflection of the world around me.”
