Saddam Hussein: Could He Be Hiding Behind A Different Face?

New York, NY March 28, 2003 – As the first missiles were launched on Saddam's Baghdad compound, reports ran rapid that he was inside during the attack. As one official told *The Washington Post*, "The preponderance of the evidence is he was there when the building blew up." But other officials are uncertain, considering that Saddam is known to have a number of look-alikes.

However, there are also rumors that Saddam, with all his money and power, may choose to alter his own appearance with surgery in an attempt to flee to safety under the nose (and perhaps with one surgically altered) of U.S. Officials. Russell W.H. Kridel, M.D., a board certified (American Board of Facial Plastic and Reconstructive Surgery) Facial Plastic and Reconstructive Surgeon has altered photos of Saddam Hussein to show what he would look like should he decide to go under the knife.
